Dear Dr. McAllister:

Thanks to your support of the Third Grover Conference on the Pulmonary Circulation, the meeting was very successful. A copy of the program is enclosed. Dr. Reeves and I were pleased by the high standard of the presentations and the discussion. The scientists who attended were uniformly enthusiastic about the conference. The manuscripts are being reviewed by the American Review of Respiratory Disease for inclusion in the proceedings of the meeting.

The Fourth Grover Conference will be focused on the early diagnosis and treatment of pulmonary hypertension. We look forward to your continued support.

With many thanks for your help,

Sincerely yours,

E. Kenneth Weir, M.D.
